

BITLESS INC COMPETITIVE HIGH POINT AWARD

The Bitless Inc Competitive High Point Award is designed to reward and support Bitless Inc Members who are actively participating bitless or bridle-less in equestrian competitions, and demonstrating how safe, reliable, and versatile bitless and bridle-less equines really are!

Collecting points: 300 points are required to be logged to apply for the Competitive High Point Award, within a maximum period of 5 years. You must be a Bitless Inc Member continuously for the period of the log book entries. You may collect points with different horses on the same Log Book. At least 2 people must be competing in your class/es, including yourself. Competitions must take place in Australia. Activities using a bit cannot be included.

Filling in the Logbook: Write the date, how many classes you entered (there is no minimum), the name of the event, who hosted the event (club or organiser) and the number of points earned.

25 points are logged per competition day. This may include any competitive activity with your horses, including, but not limited to: gymkhanas, dressage comps, endurance events, agility comps, club rallies etc. Any event that hands out ribbons at the end of the day (regardless of whether you got to take one home) counts towards competitive high points. If ribbons are not handed out, then you can collect Recreation points in the Recreational High Point Award Log Book. Online competitions count as one day, you can log 25 points per competition (not per entry), filming yourself counts, as long as there is another participant in any of your online classes. If you filmed your entries over more than one day, the additional days can be logged in your Recreational Logbook as training, however there must be another participant with you for those days to count.

50 points are logged for any publicity event. This is any non competitive event that helps promote bitless, bridle-less or liberty horses. This includes, but is not limited to: featuring in a magazine or online (social media excluded), demonstrations at an ag show or expo, or participating in a local parade. The publicity points can only be added to one log book, not both. Please share your publicity events with Bitless Inc as they happen, so we can promote them further!

Claiming your High Point: Activities in the logbook expire after 5 years (the log book can continue onto a new book, but points older than 5 years old will not be counted). Once you have collected 300 points, make a copy of your logbook/s and post the original to: Bitless Inc High Point Award, P.O. Box 3128, Dural NSW 2158 or email your excel logbook to secretary@bitlessinc.org.au. Your High Point Award will posted to you within 4 weeks. You
